Inspected By Fire Chief Brown

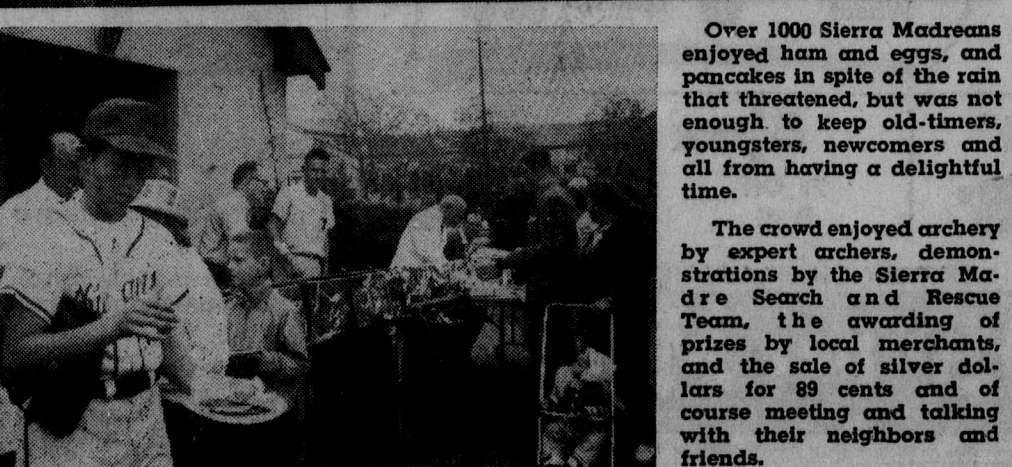

Sierra Engineering Makes Portable Breathing System

According to Harry L. Daulton, president of Sierra Engineering, announces that the new Sierra Air Supply self-contained portable breathing system supplies adequate air to two firemen working under the extreme breathing demands of heavy exertion. A light-weight air-cooled gasoline engine drives two air compressors which pump breathable air into a surge tank. The entire unit can be easily hand-carried into the midst of the fire-fighting operation.

Under usual conditions, the fire-fighter in full-face mask breathes air directly from the tank through the 50-foot quarter inch hose, shown coiled in place on the frame.

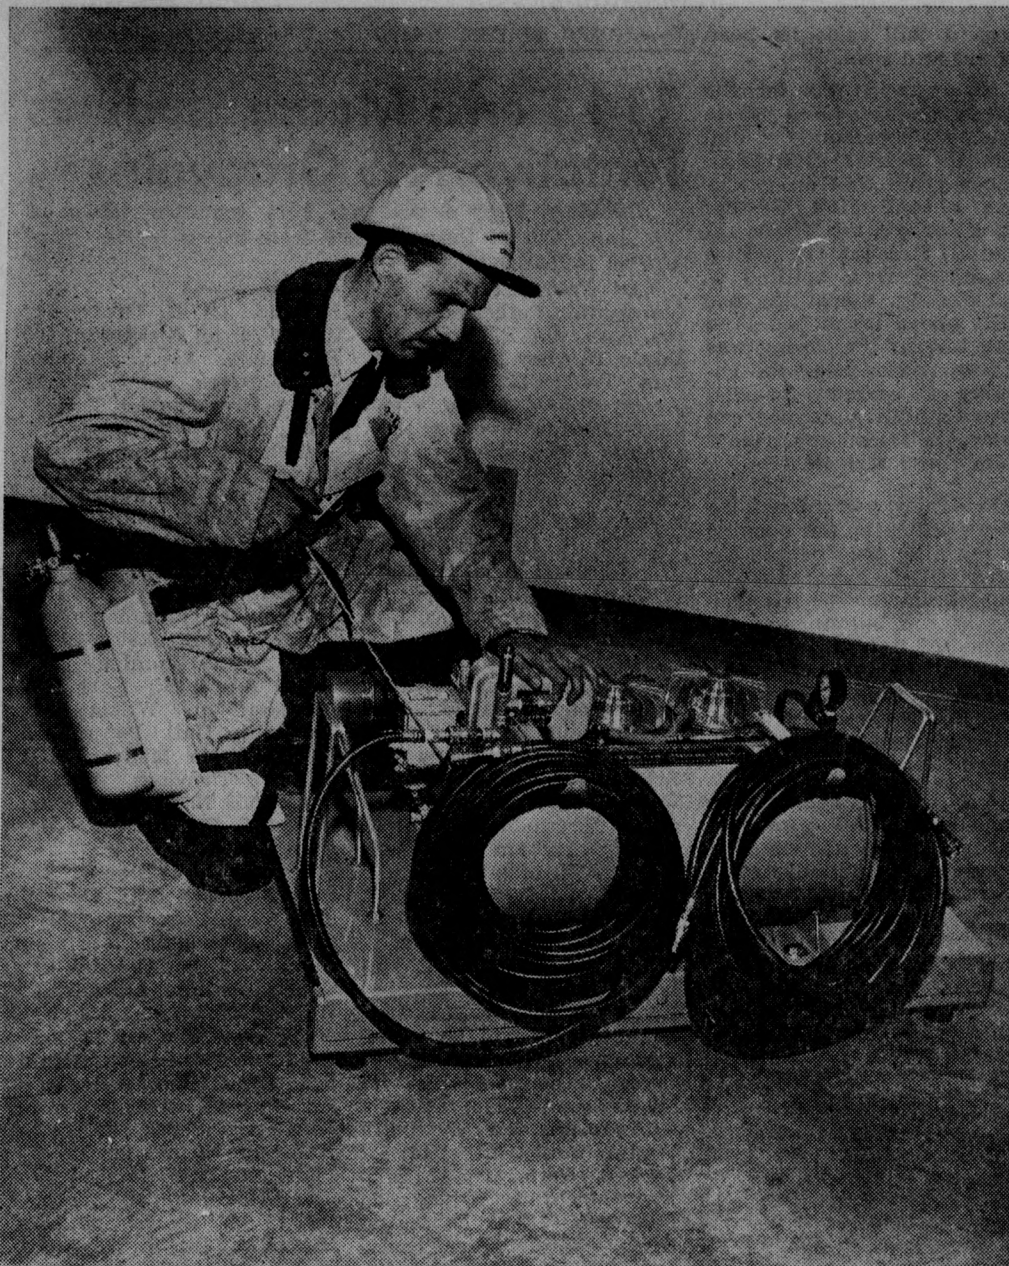

Chief Brown is wearing on his hip the small Sierra Air-Kit which allows free movement beyond the length of the hose, and augments his air supply if the air hose should be severed. The Air-Kit cylinder provides a 10-minute supply of air.

Daulton reports that both the Sierra Air Supply and the small Air-Kit, or "hip-kit," will be supplied to fire-fighting organizations all over the country. Others in hazardous occupations requiring a portable air supply also will place orders with Sierra.

Over 1000 Sierra Madreams enjoyed ham and eggs, and pancakes in spite of the rain that threatened, but was not enough to keep old-timers, youngsters, newcomers and all from having a delightful time.

The crowd enjoyed archery by expert archers, demonstrations by the Sierra Madre Search and Rescue Team, the awarding of prizes by local merchants, and the sale of silver dollars for 89 cents and of course meeting and talking with their neighbors and friends.

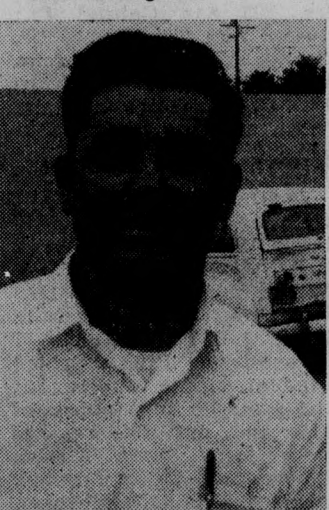

CHARLES E. BROWN, Chief of the Sierra Madre Fire Department, inspects the new Sierra Air Supply self-contained portable breathing system made by Sierra Engineering Co., Sierra Madre.

MANUEL DE LA TORRE, 31 W. Grand View and M. Van Reed, 101 Colony, are the newly elected co-chairmen of the Sierra Madre Rose Float Association for 1964. The purpose of the association is to build a float for the annual Pasadena Tournament of Roses.

Rose Float Assn. Chooses Chairman

On Friday, May 17, members of the Sierra Madre Rose Float Association met at the home of City Administrator, Mr. Larry Bevington, for the purpose of electing co-chairmen to direct the 1964 Association.

Nominations were received by representatives of the City Council, who then announced that Mr. Manuel de la Torre and Mr. M. Van Reed would be co-chairmen for 1964.

Mr. de la Torre, a general contractor, has lived in Sierra Madre 16 years. He has been of invaluable help for the past five years, in design and construction of Sierra Madre's Annual Rose Float.

Mr. M. Van Reed, range director for the Naval Ordnance Test Station, in Pasadena, moved to Sierra Madre seven years ago. He and his wife, Grace, have been active in the Association for the past three years. The purpose of the Sierra Madre Rose Float Association is to build a float for the Annual Pasadena Tournament of Roses, with a committee of volunteer Sierra Madre citizens. Any Sierra Madream wishing to lend his talents to this community project, should get in touch with Mr. M. Van Reed at EL 5-8515. The Association looks forward to another successful year under the leadership of these fine men.

Anyone with rummage to donate may call Lion president Paul Werden at EL 5-8148.

Ranger Holds On For Team

Search & Rescue Saves Girl From Death; Rescues Boy

By Bill Work

A 16-year-old South San Gabriel girl, dazed and injured in a mountain fall, wandered toward the brink of Sturtevant Falls as horrified spectators screamed for her to turn back. She was saved from almost certain death by the heroic action of Ranger Ralph Shangraw in a spectacular mountain rescue Sunday afternoon.

Patricia McDaniels of 7578 Saxon Ave. was hiking with the Gravelia Presbyterian Fellowship group in the big Santa Anita Canyon when she fell from a slippery overhang and plunged into the stream above Sturtevant Falls. She suffered a broken wrist and severely bruised hip in the fall. In a daze the girl struggled to her feet and started wandering with her current toward the edge of the 100-foot falls. One boy tried to get down to her, but he became stranded.

Ranger Ralph Shangraw, who was patrolling the trail, heard their cries and running to the scene scrambled part way down the cliffside and leaped into an icy waist-deep pool and managed to grab the girl before she tumbled over the edge to the rocky floor below. But he was unable to ascend the steep walls that bound the stream and, though wet and cold, hung on to the girl as a member of their group ran

to Conway's cabin and called the Search and Rescue Team at 4:30 p.m.

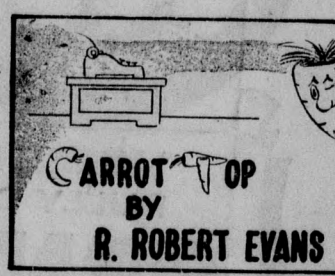

While two of the members rescued the stranded boy, the others lifted Shangraw and the girl from their watery trip. Miss McDaniels was rushed from the hills by litter and taken by ambulance to the Sierra Madre Medical Center for treatment.

The dance will be from 8 p.m. to 12.

For any additional information, please call Tom Butch at EL 5-7135. Dress: sportswear.

LEFT TO RIGHT: Ruth Waters, board member; Phyllis Werden, vice president; Marguerite Wall, treasurer; Alice Ripple, president and Margaret Duran, secretary, all newly installed officers of the Lady Lions for the 1963-1964 season.

I joined a wonderful club the other day. This club was not a SNAFU club, but one with an outstanding name called "SFKTCSAAY."

—CT—

Right off I was made a lifetime member, given a card and signed a pledge. I told the president that I would do my very best to keep the five rules they demanded of all members, and I will list them here, just in case you have the opportunity to join:

—CT—

1. I will not bite back little children who bite me.
2. I will laugh at all jokes told to me.
3. I will do my share of pushing in revolving doors.
4. I will allow three days a year to be grouchy.
5. I will always practice "good will towards man."

Annual Dues:
1000 smiles a year.

—CT—

Someone told me that Carl Brand was a charter member of this club, and if their memory served them well, Charles Louk was its first president.

—CT—

Speaking to Josephine Terry, our very congenial Librarian, the other day on the subject of books. Now here is a girl that certainly knows her books, as she said to me, without changing expressions "Books are the condensed, well seasoned wisdom of the ages, ready to help solve the fresh problems of the day." And to me there is a lot of truth in that remark.

—CT—

Here's a few famous quotations; why they are famous is anybody's guess, but for a laugh, and that keep smiling attitude here they are:

—CT—

"The only man or woman not guilty of repeating gossip, is the one who starts it."

—CT—

"Few people have a whole lot of faults. It's just that they make the most out of the ones they have."

—CT—

"The worm not only turns, he often does it without making the proper signals."

—CT—

"Since the invention of the credit card, there's no flat wallets."

—CT—

That is enough of the serious talk . . . so I was complaining the other day to John Curtis, President of our local Chamber of Commerce, that like all men I sure lead a "dog's life." Whereup John came back with the following remarks . . . "A dog's life can't be too bad . . . someone else

Letters To The News Editor ...

Dear Editor:
Subject: What Price Modernity?
The price of modernity is high. The modern chicken is an efficient egg factory. It must never, never move about or scratch in the ground. It is confined in its nest under bright lights day and night to concentrate on egg production. When carefully recorded output slumps the chicken is promoted — on toast — a-la-king!
Similarly, the modern business executive must constantly fly in hectic pursuit of bigger deals just to keep ahead of the ever more demanding treadmill of federal regulations and taxes. He must never, never relax on a train. He must grind out executive decisions without letup until ulcers or stroke lay him out — on a slab — a-la-morgue!
—K. FRITZ SCHUMACHER
Former Sante Fe "Rail"

those "parking lots" and rear entrances? Rather, it must be that you gave them a cursory glance on a very cloudy day.
That "narrow, bumpy, rocky road" to which you refer is a super highway in comparison with the property behind the shops. Few, if any, self-respecting cars or customers attempt to brave that entrenchment of rustic dilapidation. If they should contrive to venture through, what confronts them? Public, customer's entrances? After wending their way past trash cans, rubbish, weeds and ramshackle storage sheds, they would end up in someone's back room. (No telling whose, for several doors offer no clue as to the occupant's identity!)
Or perhaps you are under the misapprehension that these back doors are used for delivery service? If that were so, the stores would be unable to contain all of the goods that are purveyed through the front portals daily. For scarcely an hour passes when there is not at least one large truck unloading from Sierra Madre Blvd. If these trucks could

maneuver the back road, the terrain between it and the store is a far greater hazard. Whoa! I am sorry. I've made one glaring omission. (We won't count the jewelers as it does have a driveway, and only a Scott Fitzgerald type diamond would arrive by freight anyway.) But there is one store inconvenienced by a fence — the drug store, with nicely paved rear lot, loading space and obvious customer entrance. Though I seem to recall your chiding Mr. Perloff about his cooperation, or lack of it, concerning the proposed new street.
However, if you wish to take up the cudgels for him now, it's your privilege and your paper. So there is no need to do so under the guise of defense for the "little" merchants. Also you have patently overlooked the fact that still more little merchants along the line towards Baldwin Ave. have been embroiled in the same situation.
At any rate, if the simple erection of one lone fence is all that has been needed to spur the perfection of an auxiliary road, when all other negotiations have

struggled in vain for years, it will have accomplished a coup of lasting worth.
Then the solution to the entire problem can only be brought about by one more simple act — the enforcement of some ordinance (if there isn't any, there should be!) to compel the property owners, who in the majority of the cases are not the store proprietors, to clean up the eyesores you loosely call rear parking.
—FRANZEL CHASE
Sorry, I'm not a subscriber, for years now I've just deposited my dime for the paper at the newsstand.
Editor's Note: ... If I were a betting man, I would have bet my last dollar that I was going to hear from either you or Parker. I have no doubt in the truth you say about conditions behind the stores, you have been one of these merchants for a good many years and should know of which you speak. Years do sneak upon one, I do not believe it was I who "chided" the above mentioned man. In fact I was not here during the "Suffolk Caper," and am not qualified to discuss it, how- ever I do feel that this ugly

serpent will raise its head again, and soon.
My concern was for the inconvenience caused "shoppers," "merchants" and "traffic safety." HEARSAY reached me that an executive of the First Western Bank, made the statement that all merchants or parties concerned were notified of the closing, except the one YOU above mentioned. And that further the closing was due to trucks using the entrance to extreme, causing excess liability. Anyone can draw their own conclusions from these statements.
Evidently you missed the news article of the opening of the alley way behind the other little merchants toward Baldwin. The remodeling of the building on the corner of Baldwin and S.M. Blvd. was given permits by the Planning Commission and the Council with stipulations concerning that alley.
I will fight against any injustice to any person or group of persons in our area. I am sure that I will not always be right, but I will be sincere in my fight. I do hope that you and Parker will be more happy and content in your new home in Brea ... that new road behind you does look nice doesn't it?

Senior Citizens Enjoying Varied Programs

The Sierra Madre Senior Citizens' Club has been enjoying some outstanding programs. On May 18 Bill Wark of the Search and Rescue Team brought "Henrietta," the bloodhound. He told of the first rescue of a small boy in 1951. Fred La Lone was head of this crew. Their equipment consisted of a flashlight and 30 feet of rope.

Now there are three bloodhounds and 18 members. Helicopters have been put in use in recent years.

On May 25, the Bethany Choral Group entertained. Margaret Ower and her husband, Ivan Ower, played a saxophone duet. Della Weeks, Ava Collins and Alice Lafgren sang trio numbers. Stanley Mower gave readings and solos accompanied by his wife, Orpha.

The members met on June 1 for Kiwanis' pancake breakfast and remained to play cards.

On June 8, Mr. Stanley Moyer will show colored slides of his many trips, with clever comments about each. All members and friends are urged to be present, at noon. Bring your own sandwich.

The PLAZA Shop Talk

By Sewall Clark

HAVE YOU ever watched a child making a first try at diving?

Into water, of course. I am NOT talking about parachutes. I'm remembering a lake in Maine.

THE BIG problem in that first dive is how to do it and still keep your head above water. You want to do it without doing it.

You watch other people diving, head first, but that's no sign you can do it. Or maybe that's just what YOU think!

THEN someone wins your confidence. When he tells you you can do it, you know you can do it.

He slaps you on your back and says: "Go!"

So? In you go — SPLASH!

IS THAT when you learn self-confidence? Yes. But learning confidence in others may be the greatest happiness of it all. Someone you trusted said you could do it, so you did it.

You may even go on to win swimming cups and trophies for high-diving, but nothing will ever replace the memory or the goodness of that first wonderful, 10-point bellyflop.

THIS IS such a happy thought that I refuse to elaborate with a commercial telling about the women who have discovered the thrill of confidence merely by finding the Plaza Shop on the quiet street of Montecito downtown slightly east of the Shell gas station surrounded by wonderful places and people such as the Antique Shop and the Creative Arts Group, where Trudie, with her experience as a fashion designer and former dress manufacturer, helps women renew their faith in life, love, liberty and the pursuit of happiness EVERY day.

No reason to brag about it just because it's true. No? You say there is?

GOOD! Remind me to tell you about it some day. But for right now —

Legion Auxiliary Meets June 13

Members of the American Legion Auxiliary will be entertained on Thursday evening, June 13, at the home of Mrs. Edna Faller, 55 W. Olive St.

Weekend For Two Highlights Dinner Dance

Final arrangements are being completed for one of Sierra Madre's most exciting "fun raisers"—the annual "Base-Ball" sponsored by the Women's Auxiliary of the Baseball Association to be held June 8.

This exciting dinner dance event will carry the theme of "Baseball Around the World" with decor and costumes of the party guests (if they wish) carrying this mood.

A host of free weekends for two will highlight the evening, such as a weekend at Avalon, Catalina Island, including round-trip passage; a weekend at the St. Francis Hotel in San Francisco; a plane trip to the Pacific Southwest Airlines to San Diego; accommodations for two at San Diego's Town and Country Hotel, and an in-town vacation at the Huntington-Sheraton in Pasadena. With other prizes such as a gift certificate from the Chef's Inn, the donation to a couple of six bowling games from the Bahama, two ceramics from the Florence Co., in addition to other similar awards, the evening promises to be a memorable one.

Although Mrs. William Bagnall has practically planned this dance single-handedly, thanks must go to Mr. and Mrs. Harold Brett, Mr. and Mrs. William Bennett, Mr. and Mrs. Ross Tyree and many others for their invaluable assistance.

Due to the caterer's request, it is very necessary that reservations be made in advance. For ticket information, please do not hesitate to call Mrs. William Bagnall at ELgin 5-8214.

Bethany Church Notes

Choir Recognition Day will be held this coming Sunday, June 9 during the morning worship service at 11 at Bethany Church of Sierra Madre. Mr. Doug Coe, music director announces that all four choirs will participate in the service. The choirs consist of the junior age Crusader Choir, junior high age Coronation Choir, the high school Chapel Choir, and the adult Chancel Choir. The Crusader and Coronation Choirs are directed by Miss Margaret Meier, music director at Pasadena Christian School. Mr. Coe is head of the music department at La Canada Junior High School.

The annual event is in recognition of the outstanding service of the choirs throughout the year. During the two summer months of July and August the music for worship is supplied by smaller ensemble groups. This Sunday each choir will sing a number separately and then all 100 voices join together for the final number. Dr. Robert N. Schaper, pastor of the church will conclude the service with a brief devotional.

During the Sunday evening service, a special feature will be the appearance of the Teen's Men from Fresno. Mr. Larry Ballenger, youth minister and Youth for Christ director will be leading this outstanding group of men who have dedicated their talent to the cause of a ministry to youth. They will be appearing in several rallies and churches in Southern California and Bethany is happy to present them to the public in this area.

At the same service, Mr. and Mrs. Ronald Thompson will tell of their work with the Non-Sectarian Mexican Fellowship which is a missionary enterprise assisting the impoverished Mexican population of Baja, California near Ensenada. This mission is being supported partially by several groups at Bethany Church, especially in the college age and young adults that the appearance of Mr. Thompson will be most appreciated by the congregation. Pastor Schaper will be bringing a message from the Word of God following these special features.

The High School Christian Endeavor group elected new officers for their society in a special service last Sunday. Bill Treder, Jr., was elected president of the group. Other officers include vice president, Chuck Heath; secretary, Pam Wilhite; treasurer, Alan Ower; publicity, Polly Kenard; senior representative, Pat Wilhite; junior, Bruce Guyer and sophomore, Gail Heath. The entire high school department will be traveling to the beach for a party this weekend. Mr. and Mrs. Ernie Richter and Mr. and Mrs. Harry Schulman are sponsors of this outstanding group of young people.

Bethany Church is an interdenominational, theologically conservative church located on Baldwin Avenue just north of Sierra Madre Blvd. in Sierra Madre. Pastor Schaper is completing his tenth year as pastor of the church which has enjoyed a steady growth during his ministry. The public is cordially invited to attend all of the services of the church starting with Sunday school at 9:30, worship at 11 and the evening service at 7 p.m.

Sierra Madre Churches Welcome You

Weekly Shades Of Hastings

Just because we're not Sun worshippers, he doesn't have to ignore us completely. Somewhere over the horizon there must be blue skies and warm weather. June 21 is supposed to be the first day of summer, but, as yet, Spring hasn't sprung! We realize that the new dance styles have a barbaric, ritualistic quality, but why didn't someone warn us that they bring on the clouds? Are there any dancing "Indians" familiar with a sun dance??? Help!!!

Tribal Pow-wow
Squaws and Braves of the Zuni Tribe gathered at the home of Helen and Jim Fay last Saturday night to honor the hard-working wives in the group. This is the Honor Tribe of the East Pasadena Longhouse of the Indian Guides. The Zuni Tribe won this award because of the costumes designed and made by the mothers. The host is the outgoing Chief and welcomed Don Paradis, the new Chief, and his wife, Diana. Other guests were Mr. and Mrs. Richard Ross-Kopf, Mr. and Mrs. Dean Snyder, Mr. and Mrs. James Wentz, Mr. and Mrs. Reynolds Cairncross, Mr. and Mrs. Charles Seitz, Mr. and Mrs. Robert Saichek, Mr. and Mrs. Barry Siegle, Mr. and Mrs. Dan Wells, and Mr. and Mrs. Malcolm Murison.

Yosemite Weekend
Mr. and Mrs. Bart Steed and their four sons, Mr. and Mrs. Cy Alford, and Mr. and Mrs. John Erbach, and their three children, have returned from a four-day camping trip to Yosemite National Park. Did you all see any bears???

"Spring Flight"
An around the world theme was in evidence in the home of Allen and Nickie Ford on Greenhill recently, when parents, staff, and alumni of the Hastings Ranch Nursery School held their dinner-dance. There were over eighty passengers on the "Spring Flight." Prizes were given for the most unique table decorations. First prize was won by Sally Ward, for her Mexican motif. Peggy Smyth received second place for her South American attitude, and Ellen O. Perkowski was awarded third prize for her table representing Holland. Walter Elsaesser arranged for the prizes donated by Pan American Airlines, which included travel bags, cigarette lighters, beach bags, and travel books. Door prizes were won by Lee and Vi Carmichael, Allen and Nickie Ford, Lynn and Larry Jackson, Virginia Miller, Helen Hull, and Victor Ham.

New Board
It was announced that Virginia Miller (from Sierra Madre) will be the new director of the Hastings Ranch Nursery School. The 1963-64 board consists of: president, Michele Iwig; school operation, Beth Batterson; secretary, Mary Ellen Ham; treasurer, Roger Iwig; family activity, Mary Erickson; ways and means, Jean Tucker; equipment, Norm Batterson; publicity, Virginia Russell; mother teacher chairman, Kathryn Howard, and coop council, Pat Barber.

The Buccaneers'
The Buccaneers' Senior Girls Scout Panarama Troop took part in a Paul Bunyan Skills Meet at El Portero — near San Juan Capistrano. Competition in the fields of art and nature, compass, lashing, fire building, cooking, and camp skills in general, was keen but this troop was one of the four winners. Troops from all of Southern

California were represented and a guest troop from Las Vegas joined forces with them for this event. Mrs. Henry Hellmers, leader, was assisted by Miss Pat Grothe, teacher at Field Elementary School.

The girls in the Buccaneers' Troop were Rosemary Hellmers, Sue Kornigle, Midge Rowley, Wendy Walker, Nancy Baker, Janet Gasper, Louise Goodwin, Jill Fevehelm, Andy Phelps, Marilyn Rust, Carol Snuffer, Susan Joseph, Charlene Kalagian, Cris Neal, Susan Stall, and Linda Wocknick.

Quick Trip
On the spur of the moment, George and Lorraine Davis took off for a long weekend trip. Traveling by automobile, they visited Reno, Carson City, and San Francisco. Morro Bay was included on the return journey.

Family Visit
Mrs. Victor D. Sage and baby son, David, are visiting

her parents, Mr. and Mrs. Harry Tyler of Daveric Drive. Over the memorial weekend, the family enjoyed a visit with their son, Harry Jr., in San Luis Obispo.

The Tyler's son-in-law, Vic, will soon be stationed in the Panama Canal Zone, and his family will join him there later. The Sages are currently stationed in Arkansas.

Holiday in New Orleans
Mr. and Mrs. H. Alfred Dunn, accompanied by Mr. and Mrs. William Nelson of Altadena, spent a combination business and pleasure holiday in New Orleans, Louisiana. While the husbands attended meetings, their wives had a pleasurable time sight-seeing and shopping. A most interesting fact about this city is that it is situated eight feet below river level, creating the necessity for levees. Another result of this condition is the above-ground burial crypts. The foursome also

visit Pat O'Brien's, Court of Two Sisters, Antoine's, and took a typical tourist's river boat ride. This tour was a birthday gift for Gerry Dunn from her husband. Happy birthday, Gerry!!!

Hasty Hens Installs
Installation of new officers of the Hasty Hens of Lower Hastings took place Tuesday night at the home of Ce Sweet. Outgoing president Margaret Mann opened the meeting and presided over the ceremonies. The officers for 1963-64 are as follows: president, Ann Hart; vice president, Ce Sweet; secretary, Ann Talmo; treasurer, Phyllis Otten. The evening's agenda includes the planning of summer parties and next year's activities.

This group is a composite of professionals, semi-professionals, amateurs, and know-nothings like us. Ages represented are from older teenagers on up to the young-in-heart. Call Frank and give it a try!!!

Do your teeth itch? Are you having trouble focusing your eyes? Is there a slight buzzing in your left ear? Does your head feel swollen? Does even the slightest sound cause intense, distressing, agonizing pain in the center of your forehead? And how's the tummy? How about that first cigarette? Well, why didn't you stay home last night? That two hours of restful, deep slumber just wasn't enough! We know just how you feel!!! MERCY!!!

3841 E. SIERRA MADRE BLVD. (at Michillinda) Pasadena Upper Hastings Ranch Center

SPORTS AS Hank Ives SEES IT

KUDOS to the Sierra Madre Baseball Association. It's wonderful the way the men get together to handle the coaching chores, involving hours and hours of working with the youngsters. And don't forget the women folk. The gals have a mighty powerful Auxiliary responsible for a monthly newsletter, womaning the "Diamond Diner," planning the "Base-Ball" dinner dance, and just plain rooting for the kids.

ON THE DINNER DANCE... It's Saturday night, and if you have not made your reservations, get with it!

SHIRLEY BAGNALL and her committee have lined up a pot full of prizes for the raffle. Dancing will be to the tune of "Deke" Dietrich and his "Sierra Six," while Roberts Caterers of Pasadena will supply a dandy barbecued chicken dinner.

RESERVATIONS can be made by calling Shirlee Bagnall at Elgin 5-8214. And let's hope that Jane and Gale Hersey return from no-man's-land (their Riverside plantation) to take in the shindig.

OLD GRANDPAPPY ALWAYS SAID, "There's money to be made in golf." I didn't listen, but Jack Nicklaus must have had the same message. The young slugger has picked up over 57 gees already this year while touring the tournament trail.

DID YOU KNOW THAT Irv Noren's Lanes and the Santa Anita Lanes have been taken over by the Boran Enterprises and are now part of a string of bowling establishments consisting of Mercury, San Gabriel and Montebello Lanes?

WHEN HAVE YOU EVER SEEN THE LOCAL GOLF COURSES IN BETTER SHAPE? Brookside is finally free of the exasperating "temporary greens" and Eaton's Canyon and Altadena are lush and beautiful.

THE PASADENA JAYCEES have pulled another coup. This year's 18th annual tussle will be televised on a coast-to-coast network. HOWEVER, it will be blacked out in the Southland. Besides, if your reception is as lousy as mine, you couldn't see it, anyway.

THE JR. ROSE BOWL has always been extremely close to my heart. I covered the first classic in 1946 for the

Pasadena Star-News. Bev Wallace and his Compton cohorts bumped the drawling Texans from Kilgore, 19-0, but most of the folks went to see the fabulous Rangerettes.

THEN in 1959 I had the honor of acting as game chairman when Bakersfield whipped Del Mar of Corpus Christi, Texas, 36-14.

BIG GEORGE THROOP was game chairman the previous year when Santa Monica slipped past Northeastern Oklahoma, 30 to 12.

BILL LEISHMAN is the number one boy this year and he has a dandy committee championing at the bit to bring in a record throng. It's Jaycee football at its best.

IS TERRY BAKER, the Rams high priced draftee from Oregon State, destined to a year of bench-sitting? Ramon Gabriel and Zeke Bratowski are still around at the vital QB post. Could be Harland Svare plans to put Baker, who can pass with either hand, at a halfback spot where he could be a true triple-threat man.

AND HOW DID WE GET ON FOOTBALL THIS TIME OF THE YEAR?

OLD HANKUS McBAGPIPE, suborn cuss that he is, still feels that Cincinnati will soon be in the thick of the National League race, right along with the Giants, Cards and Dodgers.

SIERRA MADRE'S PAUL PODUSKA received a medalion for the second year in a row as the number one swimmer for Tony Linehan's PCC Lancers.

PARNELLI JONES picked up a nifty pile of loot for winning the Indianapolis 500-mile auto race, but folks tend to forget the team effort involved. Each driver has a chief mechanic, a man to change each tire and an air-jack operator. J. C. Agajanian served as water boy and cheer leader, and head of the "black flag" department, and, oh yes, picked up a couple of hundred gees for the effort.

WONDER WHO the chief "oil-wiper" was?

DIVING, ANYONE? Lessons are available at the Sierra Madre Pool this year, according to Recreation Director Tom Butch. Larry Morse, 1961 Los Angeles County champion, will be the instructor.

SIERRA MADRE LEAGUE BASEBALL SCORES

Due in part to the improvement of the boys' ability and the increasing competition between the teams, the Little and Minor League teams of the Sierra Madre Baseball Association have had some exciting games this past week. This whole situation has attracted an increasing number of spectators, which makes everyone happy. The following team standings show only which teams have had the most runs. What they do not show is the personal growth each boy experiences during the season, a fact which the baseball program aided by the members of the Baseball Association, the businesses which sponsor teams, the Sierra Madre News which publishes our activities, and the individual citizens who contribute time and money, largely believe is the point of all this effort. Sierra Madreans are cordially invited to attend these games and see this great youth program in action.

The Little League will continue its competition two weeks longer than Minor League with June 19 being the last scheduled game and play-offs to be announced later. This week the teams have fought hot and heavy to give us these results:

Team	W.	L.
Hartman Yankees	7	2
Toy & Patio Red Sox	6	3
Osti Orioles	5	4
Al Foxton Dodgers	5	4
Arnold & Roess Braves	4	5
7-Up Indians	0	9
May 24, Dodgers 2, Red Sox 1; May 25, Orioles 4, Yankees 2; May 27, Red Sox 11, Indians 7; May 28, Braves 1, Orioles 0; May 29, Yankees 3; Dodgers 2.		

Competition between the Minor League teams ended June 6. These are the team standings through May 29:

Team	W.	L.
Roberts Market Angels	8	1
Royal Drug Colts	5	3
Ralph Shoe Seals	5	4
S.M. Theater Padres	3	5
Don Jackson Stars	2	5
Sierra Cycle Mounties	2	7
Tie Games, S.M. Theater Padres 1; Don Jackson Stars, 1.		

May 25 (triple header), Angels 19, Mounties 10; Colts 15, Seals 4; Padres 10, Stars 7; May 28, Seals 16, Mounties 12; May 29, Angels 10, Padres 2.

Don't forget the great games that are being played at Sierra Mesa School field by the Babe Ruth teams on Saturdays and Sundays, 1:30 and 4 p.m. These boys are between the ages of 13 and 15 years and generally speaking have come up through the ranks of the Little League program; so for you local baseball fans who want to save yourselves the wear and tear of a trip to the Dodger Stadium or any of the other big league events, drop in and see these excellent local contests. They will continue from June 1 through July 27.

To walk in freedom is to walk in knowledge. Bright faces go forth this month steeped in knowledge with plans for their futures and ours racing around in their heads. Their dreams and plans are clearly shining in their eyes. They are eager now to put into practice all that they have been told was true. Some will stop and believe all that they have learned in books. A few will not be satisfied; they will have to know more. In these few, perhaps, we will find the team that will be able to start the salvation of our world. Perhaps this year we will find the ones who will insure peace and tranquility with moral and financial stability. Perhaps this will be the year. If not, there is always next year and the year after that. For as long as we have FREE thinking people, we will always have HOPE!

Mrs. Edward (Flo) Barnes recently feted Mrs. Chuck (Louise) Day at a Von Voyage Luncheon and Bridge party. Chuck and Louise will embark for a trip through the Continent on June 4 and among the crowd at the party were several gals who could fill them with excellent advice. Flo had the house decorated with significant ornaments, including an Eiffel Tower and a Kiosk (any maybe you don't think I had a time learning the correct spelling of that word. In case you don't know what it is, even if I spelled it right, it is one of those round booth type structures used so much in Paris for signs and notices). Her tables were decorated with menus from the Continent and, of course, she had maps of all of the capital cities of Europe.

For a gift the gals had gotten together a bit of the long green to use as mad money, or to buy something real special. They had it tucked in the leaves of Fieldings Guide to Europe as book markers.

Those hidden to share in the fun were, in addition to the hostess and honoree, Mmes. Nita David, Barbara Hyde, Peggy Lansil, Ce Sweet, Eileen Ray, Ruth Carter, Delores Zinsmeyer, Alene Hedrick, Margurite Horne, June Kelley, Teresa Sanders, Sue Cummins, Nita Bacon, Lesley Shepherd, Janet Burdick, Margaret Mann, Marilyn Hyde and Sara Jane Caldecott.

I talked to Mrs. Arthur Gilliam of Brambling Lane last weekend. They had a family gathering for Memorial Day which meant a swim in their new heated pool. She said they barbecued shish kebabs for dinner but were forced to bring them in the house and huddle around the fireplace for their picnic. There were, in addition to the Gilliams and their three children, Ann Susan and James, Mr. and Mrs. Ben Casabadian and their two children, Joyce and Phillip.

House warmings are always exciting and the one held last week for Mr. and Mrs. Brewster (Carol) Benedict in their newly acquired home at 2256 Brambling Lane was certainly no exception. The party was planned jointly by Mr. and Mrs. William Olson, Mr. and Mrs. Bob Farmer, Mr. and Mrs. Jim Fay, Mr. and Mrs. Dean Snyder and Mr. and Mrs. Malcolm Murison. The committee had surreptitiously "cased the joint" so that when it came time to set up the party, they knew exactly where to put everything, including the bar. They had planned everything down to the most minute detail, which included a clever centerpiece geared around the local "wild life." The group presented the Benedicts with an elegant chafing dish as a house-warming gift.

They had also surprised Mrs. Gerry Dunn on the same evening. She was unaware that the gang knew it was her birthday until they came out bearing a huge birthday cake literally ablaze with birthday cheer. In addition to all of the hosts and hostesses, there were Messrs. and Mmes. Darrel Tobias, Harlan Dunn, Guy Knudson, Dominic Giangregorio, Morton Gould, Arthur Shipman, John Wardlaw, Donald Hays, Tony Boland, oGrdon Wright, Bud Newton, Thomas Martin and Forrest Paxson.

Just a little bit about the Benedicts. They are former residents of Pepperhill Road in Hastings. They have one son, Charlie, who is enjoying being 4½. I would be

remiss if I didn't mention their "X" brand dog, "Elmer," inasmuch as Elmer seems to have a definite place in the whole picture. Since they have moved to Kinneloa Canyon they have acquired a host of new friends among the aforementioned wild life. It seems they have a family of five racoons that make regular scheduled nocturnal visits to be fed in their back yard. They have done the same with one small skunk, but the enthusiasm does not run as high in that department. Their yard also is a haven for various and sundry wild birds, including a number of humming birds. Carol said she felt like she had really moved to the country.

Interest-wise they both enjoy golf and belong to the Eaton Canyon Golf Club. Carol is a seven-year member of Las Companeras and is quite a bridge player. Mr. Benedict is associated with V. and E. Manufacturing (Verco).

Creative Arts Offers Children Art Workshop

"Polynesia" has been selected as the theme for the Creative Arts Group Summer Play Session to be held at 37 E. Montecito in Sierra Madre from June 17 to July 26. Many kinds of art workshops will be offered for children from five years to the teens, and all will have a part in presenting an original musical play out-of-doors on Friday evening, July 26.

Including puppetry, drama, and swimming, an all-day program is being held on Mondays and Wednesdays from 9:30 to 3:30 for those aged seven through fourteen. These boys and girls will also be directly responsible for the production of the play, constructing such props as a grass shack and an outrigger canoe.

Cub Scouts Final Meeting

Shirlee Robertson's Den No. 1 presented the flag to open the final meeting of Cub Scout Pack 390, May 24, in the Sierra Mesa Cafetorium.

Cubmaster George Haynes and Awards Chairman Ed Duckworth presented Wolf Silver Arrows and one-year pins to Joe Duckworth, Reese Allen, Rory DePalma, Mark Yelich and Eric Van Achthoven of Den No. 1; a Lion Silver Arrow and two-year pin to Glen Wingate of Den No. 4; a one-year pin to Steven Gagne of Den No. 2; two-year pins to Mike Foster and Sam Takahashi of Den No. 2 and Joe Allen of Den No. 3, and three-year pins to Charles Meursing of Den No. 3 and Darrel Mott of Den No. 2.

The honor flag was earned by Den No. 1 and Irene Jackson's Den No. 5 won the attendance flag. Skits were presented by John Meursing's Den No. 3 and Den No. 5.

Committee Chairman Tom VanAchtoven surprised the Cub Scouts with an entertaining show performed by Don Miller and his Pantomime Capers.

The next meeting of Pack 390 will be in September. Have a nice summer.

Riding For a Fall

If some of the labor unions aren't riding for a fall, something has gone dismally wrong with the thinking of the people of this supposedly free nation.

Take, for instance, this recent event:

The little town of Forest Grove, Oregon, has a 48-member glee club. Over the years it has developed an international reputation. It is 100 per cent amateur, the members being housewives, businessmen, professionals, and so on. Its funds come from voluntary donations.

The club was invited to appear in a big Los Angeles hotel to sing to a convention of dentists. Any revenues were to go into a pot to pay the club's way to Europe, where it has been invited to perform in various cities and countries.

And what happened? A union said that it would picket and close the hotel unless the club members, each and every one, joined up and paid an initiation fee of \$175 per person along with dues of \$36 a year. The Los Angeles appearance was cancelled.

If this isn't an example of a cruel and callous use of monopoly power, what is? And if this doesn't show the need to include organized labor within the framework of the antitrust laws, or something akin to them, what does?

Showing The Flag

A fine old custom seems to have pretty well vanished from the land. It is that of "showing the flag" — not only from the roofs of public and business buildings, but from the porches of private homes, the humble no less than the opulent. Then, on festive occasions, red-white-and-blue bunting was used as a decoration. Few of us have seen bunting in many years.

There was a sense of pride in country behind all this. The flag was thought of as the symbol of many things — of a free people; of a world power; of a land of opportunity, whatever the faults and ills might be; of the rights and obligations of both the individual citizen and the body politic alike.

Old customs, fallen largely into disuse, can be revived and given new life and breath. The country will observe Flag Week during the June 10-15 period. It would be good if flags flew everywhere, in the old way, and if bunting graced the speakers' tables and platforms and rostrums. These flags will be blown, so to speak, by the winds of unpredictable change — but, as they banner out, they will stand for the permanence of a nation based on the dignity and freedom of man, on the implacable resolution of a people to stand for what they believe to be right, no matter what may come.

This Is A Whisper?

Governor Brown was quoted recently as saying rather plaintively: "Today, the voice of the far left in America has faded to a whisper — while, up and down our state, the voice of the far right sounds harsh and strident. It is the right-wing radicals who dominate the extremists scene."

Come, now, Pat! Haven't you been listening to the pro-Red China, anti-UnAmerican Activities Committee Young Democrats lately?

Sierra Madre PTA Install Officers For Next Term

New officers for the Sierra Madre PTA were installed at the last association meeting at Sierra Mesa School. Mrs. William (Myrt) Waite, a past president and honorary life membership recipient, presided over the installation. She reminded all those present that as members of the largest organization in the world we should never lose sight of our true goal which is the welfare of our children in school, home, church and community.

New officers for the next school year are Mr. and Mrs. Ralph Rule, co-president. The seven vice presidents are Mr. and Mrs. Edwin Cowan, Mr. and Mrs. James Densmore, Mr. and Mrs. Deane Bottorf, Mr. and Mrs. Robert Collup, Mr. and Mrs. Thomas Edwards, Mr. and Mrs. Stanton Gayle, and Mr. and Mrs. Norman Roe. Treasurer will be Mr. and Mrs. Stanley Walters; Mrs. Lee Skarin, recording secretary; Mrs. John Bush, corresponding secretary; Mrs. Carl Cheadle, parliamentary; Mrs. Margarita Ransom, historian, and Mr. Martin Stormie, auditor.

The Phil Mitchell Quartet proved to be a most entertaining program in their Revue of the Year.

The association voted unanimously to go on record as endorsing a third high school and actively supporting the necessary bond issue.

Freedom At Any Price

by Henry V. Witte

On November 28, 1962, Richard T. Gosser was indicted by a federal grand jury for conspiring to steal copies of United States government records. Gosser was at the time, and still is, vice president of the United Auto Workers.

On February 8, a jury composed of representatives of America's laboring class, found Gosser guilty as charged. According to Allan H. Ryskind, "Gosser with his accomplices, had arranged to bribe a woman employee in the Toledo Internal Revenue Service office into furnishing Gosser a copy of government records pertaining to his income tax. When I.R.S. agents caught her trying to smuggle out her own typed copies of these records, she then agreed to work for the government and handed marked material to a Gosser accomplice. When Gosser was arrested, copies of the records, some with telltale, invisible fluorescent crayon, were located in the drawer of Gosser's desk at the U.A.W. Union Health and Retiree Center in Toledo.

Judge Frank L. Klob, a Roosevelt appointee to the bench, made the following statement at the time that he sentenced Gosser and his co-conspirators to three years in a federal prison: "I don't know when I have seen evidence so conclusive as was found in this case."

The minority report of the Senate racks committee, page 412, reads as follows: "The evidence shows that Richard Thomas Gosser alias Richard M'Mullen, Richard Goffer and Richard Goofer, has a police record of arrests and indictments in the 1920's for such offenses as burglary, auto theft and receiving and concealing stolen property. "In the early 1920's he was also convicted for an armed robbery in the state of Michigan with one Tony Scott Paul, identified as a member of the Toledo underworld, and was sentenced to 2½ to 15 years in the Michigan State Reformatory, Ionia, Michigan, where he and Tony Paul served 2½ years.

"The evidence also showed that Gosser did business with Joe and Ben Fretti who were by common repute and Gosser's admission, a part of the Toledo mob which controlled the slot machines and other gambling. In fact he arranged for the Fretts to place syndicate-owned slot machines in Local 12 union halls during 1946-48 and used union funds to buy other machines."

In 1943, Gosser was president of Local 12 and by 1947, he was international vice president of U.A.W. Again, quoting Allan H. Ryskind: "By the spring of 1950 however, Gosser was to find himself under a rip-roaring attack which threatened to topple him from his pinnacle of power. This time the charges could not be ignored by Reuther; they had been leveled by U.A.W. rank-and-filers in Local 12 — at that time the second largest local in the U.A.W. The rebels preferred 28 specific charges against Gosser. They accused him of

everything from rigging union elections to 'dictatorial rule' of Local 12 to financial skulduggery.

"On June 13, 1950, after hearing more than 50 witnesses, Reuther's International Executive Board — with Walter presiding — found 'no evidence' to support any of these charges. The board's declaration of 'no evidence' evinced a blatant case of myopia among its members. It was patently preposterous and the liberal Toledo Blade in a June 14 editorial lashed out at the board's decision as 'The Great Gosser Whitewash'."

According to Ryskind: "Since 1943 Gosser had been president of Will-O-Land Sportsmen's Club, Inc., a private club composed of a small, selected group of Gosser's followers in the Willows-Overland unit."

"In May of 1943 Will-O-Land purchased a tract of land in Michigan known as Sand Lake for the sum of \$9,500. The private club when Gosser was its president, sold a part of this property to the Automobile Workers Building Corporation in May 1947 for a 'net, secret profit of \$20,000,' according to the findings of the Republicans on the Senate racks committee.

"Who was president of the U.A.W.'s Automobile Workers Corporation in May 1947? Richard T. Gosser."

"The minority report of the racks committee is replete with other damning evidence. Former union officials in Toledo presented documentary material that a Gosser-owned store sold 'large quantities' of hardware to Local 12 and AWBC and charged 'higher-than-fair-prices.'"

What does the president of the United Auto Workers think of his vice president? Walter Reuther told the Senate Racks Committee: "I happen to know Dick Gosser and I know he has made a great contribution to this union. He has made a great contribution to the city of Toledo. He is a decent honorable citizen..."

FREEDOM AT ANY PRICE reports the Gosser story because the liberal press has cast a cloak of silence around the actions of Walter Reuther's right hand man.

Coming as a surprise to

Mrs. McTavish had not been able to get their slate made up for next year's board, and owing to a slight misunderstanding as to dates, there was no quorum present so as to nominate and elect from the floor.

The minutes of the previous meeting were read and approved and Mrs. Odell of the Pasadena Board of Education introduced herself as a member for re-election. Being in the High School district of Pasadena mothers were reminded to cast their votes at the election June 3.

'YOUR CITY AND MINE'

"Everybody A Policeman"

Is this a rather startling idea? If so, it was meant to be. I am sure many of us have heard Ado Annie in the musical "Oklahoma" sing the song, "I Can't Say No," and while we might have laughed, in reality this is one of the real difficult jobs — saying no, you can't or shouldn't, to well meaning people who are your neighbors and friends.

In case you are wondering why this subject at this time — May 1st is "Law Day" commemorating the fact that the United States Government is based on written laws and not on a person's opinion at some instant of time.

We are all aware of the laws and needs for them but at the same time we rebel a little bit. There are Federal, State and City Laws and each requires us to do or not do something. There are speed laws, narcotics laws, zoning laws, laws on noise, keeping animals, practically every conceivable area of life has been touched by some law.

What is a Law? It is a written statement enacted by the people through their elected representatives outlining permissible procedure or restricted areas. Most laws try to say exactly what you can do. You can travel so fast, build in a certain area on your lot, you can keep certain animals in the city.

Why Laws. People and progress. Years ago when the population was sparse and the speed of the horse and carriage not too great, there was little need for restrictions. The tremendous population growth, which brings us into close contact with our neighbor is the main reason for the writing of laws. Of course, while we are thinking about the restrictions brought about by laws, we should also be aware of the vast areas of unrestricted activity we still have in a free country. We can work where we want, build the kind of house we desire, choose our friends, select our leisure time and we have many free areas in addition to the basic freedoms to vote, choose our religion, and others.

Applying Laws. Most of us agree that the laws as written are basically needed and sound. It's only when they are being applied that the problems arise. And this is where the head line idea comes about. Everybody should be a member of a policing agency for at least one day in their life. Most of us immediately think of the Police Department but this is often not the most active policing department. The Building Inspector in his many daily visits to construction projects probably affects more people. The Fire Marshal and his fire inspection program. The Health Department and their visits to restaurants to check on food cleanliness and to home on cesspools and rats, have a direct effect on many. The Industrial Safety Inspector makes sure that safe practices are used in industrial plants. Judges and ordinary citizens sitting as juries constitute a policing department.

All of these people and many others are busy trying to instruct, inform, investigate and enforce. They are operating under the laws that you and I through our elected representatives have enacted. Next time you come into contact with a policing agency, put yourself in his

7 Digit Conversion Step Closer

The program to convert present Elliott and Elgin prefixed telephone numbers to the All Number Calling Plan moved one step closer to reality with the announcement by Mervin Money, California Water & Telephone Company commercial superintendent, that stickers showing the 7-digit conversion were being mailed today to all the company's customers in the area served by the Monrovia and Sierra Madre exchanges.

Since March, 1962, both the new subscribers to the company's services and present subscribers who request changes in service wherein it is necessary to change a number, have been assigned the 7-digit type number instead of one containing the two-letter prefix, Money said.

"On a gradual basis, our Information Service has also converted their records," the company spokesman continued, "and we have now reached the point where approximately 100% of the listings in our files reflect the change to all-numbers." Money emphasized that the change involves only a substitution of numbers for letters formerly used in the prefix and that any calls placed by the subscribers in which they were to use the "EL" prefix instead of the numerals "35" would be completed without difficulty. The same would be true relative to incoming calls, he continued, thus assuring all subscribers that there will be no occasion wherein calls will not be completed as a result of being directly related to the numbering plan to be employed.

Girl Scout Troop 235 Presented

Through skits, songs and dances, the year's activities of 8th grade Girl Scout Troop 235 were presented in review for parents of the troop members in Fellowship Hall, Trinity Presbyterian Church recently. Refreshments prepared by the girls were served and the program ended with a Scouts' Own.

The troop has been working on proficiency badges in Pioneer, World Trefoil, Sports, Outdoor Cook and Conservation for First Class or Curved Bar Ranks. Their service projects included painting water tanks at Singing Pines, Pasadena Area Girl Scout established camp in the Angeles National Forest, and tagging roses in Sierra Madre Memorial Park.

Next weekend the troop will camp out for two nights at Lake Casitas Recreation Area in the Santa Ana Valley between Ventura and Ojai. Members of the troop are: Kristine Anderson, Karen Andrews, Cathy Ansell, Karen Bradford, Carol Carley, Gretchen Corpe, Linda Dickson, Anne Dodge, Sally Driemeyer, Connie Fosso, Karen Freinkel, Jean Kilian, Linda Larsen, Candy Marrs, Kim Morash, Lynne Nelson, Carol Otis, Suzanne Pulsifer, Sandra Schneider, Ruth Ann Robinson, Sally Stires and Sharon Sweeney.

Tax Facts Concerning Los Angeles County As Expressed by Dr. Felix J. Weil Series

"The 'Controversial' Form for Landlord Reports of Tenants"

Assessor Watson's "Landlord Report of Tenants" form was discussed in letter to the editor of a metropolitan newspaper. Three complaints were listed:

1. The landlord must sign an affidavit, under penalty of perjury, that his report includes all "residential rental property owned, possessed or controlled" by him on March 4, 1963. The writer complained he could not sign this affidavit because he did not receive blank forms for his other properties, including "the one in which we reside."

2. Only 27 days were allowed to return the filled-in form, too short for a proper job.

3. Failure to return the form on time would be penalized by the landlord's having to pay the tax on his tenants' furniture.

The first two arguments come from complainant's not reading the instructions attentively (although they are not in "legalese.") The third comes from misunderstanding the instructions (not solely complainant's fault).

Re complaint 1: the form refers only to "residential rental property." This excludes the landlord's own residence and other non-rental property, except if he lives in one of his apartments, in which case he should enter his name in the "tenant" column, but followed by the notation "owner." And if a form was missing he only had to ask for it over MA 6-6311.

Re complaint 2: the form requires only information the landlord already has: apartment's number; tenant's name and address; number of rooms (excluding bathrooms but including kitchen, as is customary); how much of the furnishings in that particular rental unit the landlord owns: none,

one-quarter, one-half, three-quarters or all. No information from the tenant is needed and the form can be filled in a few minutes. To say that 27 days is insufficient is outright silly.

Re complaint 3: both complainant and another letter to the editor writer misunderstood the assessor's warning that promptly returning the filled-in, signed statement "will avoid the possibility of your tenant's personal property being assessed to you."

The assessor did not say the landlord would be liable for the tenant's taxes. Of course, the landlord is not. The instructions state that the assessor presumes a rental unit to be furnished by the landlord.

But they do not make it sufficiently clear that merely by filing the properly filled-in form in due time the landlord disproves this.

I agree with a third letter to the editor writer. A CPA, he called the report form "simple, easy to comprehend, and still eliciting the required information."

It enables the computer to distribute the improvement's total assessed valuation among the various rental units in proportion to their number of rooms.

Say, an apartment house worth \$100,000 (market value without land), that is \$25,000 assessed improvement valuation, contains one two-room, five three-room, and three six-room rental units.

The computer would then divide \$25,000 by the total of rooms, namely 35.

Too Fast!

Commander Cooper says the view of things on earth is like a fairland—just too beautiful to describe. "I wish everyone could see all that beauty," he said. "Well, we could, maybe, if we weren't so busy watching the maddening traffic and so engrossed with plans that will help us retire in just three years. . . . Maybe we're living too blasted fast down here."

Take your problems to Church this week —

millions leave them there!

Bim is a clown—that is his business. He can always do the wrong thing at the right time.

But Bim is no fool. Out of the circus ring he always tries to do the right thing at the right time. Those winter Sundays in Florida, before the show goes on the road, you might sit next to Bim in church, and never know he is a clown.

And even though on the road, when Sunday is moving day, Bim gets out his old worn Bible and his teacher's guide, and with his own kids, and with all the other "show" kids gathered 'round him, there is Sunday School on the circus train.

You see, Bim is a Christian, living his faith through all the complications of a strange occupation. He is not a mask—he is Bim. He is the Churchman of a circus train—the Sunday School teacher of show business. He knows when to put fun and frolic aside, and turn to the Truth by which we live!

The Church invites you and your family to worship next Sunday and every Sunday.
